What's Your Number?	The record is 22! One district recently on boarded -- and by partnering with ParentSquare, they decreased their communication tools from 22 to 4. You'll maintain your SIS and LMS, and we'll take care of the rest. Message Fatigue is real! Quite often, we are aware of the tools WE use, but do we always know what other departments and stakeholders in the districts are using, as well? In this interactive session, you'll be asked to ruminate about how many tools your parents and guardians are being asked to receive information FROM -- and send information TO. You might just be surprised at your number! We'll share what true unification of all communication tools looks like, why districts sign with us and stay with us, and how we genuinely partner with our districts to drive parental engagement -- the number one indicator of student success. Our powerful analytics will also be exemplified, thus showing you how to see, in live-time, who is receiving your messaging, who is not, the modalities with which parents and guardians are most engaging, the languages being translated, and gaps of connectivity that need to be filled.	11:30 AM	12:30 PM	Valerie Wilson		Sponsored Session
